

Results of Final Examinations at Public School

Names Given in Order of Merit

RESULTS OF GRADE IX EXAMINATIONS

The following students were successful in passing the examinations. Promoting them from Grade IX to Grade X.

Names are given in order of merit:

Arthur McNeil
Maud Milnes
Alex Simpson
Percy Cookman
Ward Clark
Frank Mackenzie
Eva Moffatt
Irene Walker

Those who failed will have their marks sent them by the principal.

John Scodfield
Principal

FROM GRADE VII TO GRADE VIII

Maud Fraser
Alfred Ellund
Myrtle Frank
Willard Haig
Burrup-Stevens
Agnes Lindholm
Joan Davies
Ruby Fox

Promoted Conditionally

Carl Ellund
Ashley Gaudin
Lorne Gaudin
Alfred Strangways

FROM GRADE IV TO GRADE V

Roy Willits
Alma Buckingham
Dorothy Cochran
Lorraine Cochran
Carolee Stinson
John Wells
Carl Ellund
John Lindholm
Carl Fox
Hanna Jonsson
Lena Jonsson
Lena Fox
Not Stoves

Promoted Conditionally

Vern Elgin
Joyce Pryce

FROM GRADE VI TO GRADE VII

Norma Holmes (1st prize, 81 per cent)
Loretta School (2nd prize, 75 per cent)
Ludella School
Gardner Brown
Arthur Haig
Willie Farrer
Edith Strangways

Promoted conditionally

Dorothy Miller
Harold School

FROM GRADE V TO GRADE VI

Alex Mackenzie 80 per cent
Wells Gowsly 1st prize for boys
75 per cent
Minnie Holmes 1st prize for girls
75 per cent

Bessie Holmes
Edith Amundson
Tommy Ringrose
Maudy Tillotson
Ruth Amundson
Lorne Hutton
Annie Farrer
Otto Walters
Marry Plesco

Promoted Conditionally

Sheldon Farrer
Daisy Bouffice
Nellie Nelson
Edith Schell
Johnnie Pierce
George Pryce

Promoted to Grade V Conditionally

Violet Bouffice
Jessie Mackenzie
Dolly Holmes
Marry Farrer
Claude Nelson
Willie Walters
Glen Caldwell

FROM GRADE III TO GRADE IV

Marry Harvey
Lloyd Nowlin
Marry Stinson
Annie Fox
Harry Paulson
Ray Willits

FROM GRADE II TO GRADE III

Jean Laidlaw

Allan Cumming
Helen Tillotson
James Clark
Errol Wilbitt
Eric Swanson
Edgar Anderson
Lodford Whitte
Grace Walker
Melford Gries
August Ellund
Lily Peck
Katy Nowlin
Julius Ellund
John Nelson
Ester McKee

Miss L. M. Todd, Teacher.

FROM GRADE I TO GRADE II

Edna Strangways
Nita Jones
Orie Robinson
Marian Fraser
Leslie Corathwaite
Clara Ellund
Elsie Hoppe
Wilbur Amundson
Ross Caldwell
Laura Giese
Laura Pryce
Nora Fink
Doris Corathwaite
Kenneth Mackenzie
John Morrison
Edgar Nelson
Donald Moffatt
Helen McCawley

Promoted Conditionally

Annie Ellund
Dorothy Miller
Andrew Pierce
Stanley Larkin
Jennie Miller
Ethel Henderson
Dorothy Cumming

Miss R. Doyle, Teacher.

Household Science

The Provincial School of Agriculture, at Clareholm wishes to announce that courses in Household Science will be given to ladies holding qualified teachers' certificates for the Province of Alberta, commencing October 27th of this year. This course will entitle teachers to teach household sciences in any school in the Province. Those holding second grade certificates and having completed the normal course, by taking two winters in the school of Agriculture, will be Household Science Specialists. Those having completed the third grade work in the High School may take this course of Household Science, and will be entitled to teach this work in any of the schools after they have completed the normal course.

In addition to Household Science Specialists, the school will offer a course for young ladies who do not intend to teach Household Science, but who are desirous of obtaining a training that will better equip them for their duties in their homes. To take this course, no special education qualifications are necessary.

The course of study is a thoroughly practical one, and is given under the direction of the Minister of Agriculture. The Hon. Dawson Marshall and the Board of Agricultural Directors. There are no fees in connection with this course, and the only expense girls will be put to, will be for books and for room and board, which can be obtained in most respectable families in the town of Clareholm.

Anyone desiring to attend the school this fall should communicate at once with the Principal. Calendar and application forms will be mailed upon request.

Money---Dow

On Monday, June 29th a beautiful wedding took place at the home of Mrs. Charles Horne, Clareholm, when Miss Violet E. E. Horne and Mr. Harry N. Dow both of Clareholm were united in holy matrimony. The Rev. Wm. McNeil of the Presbyterian Church officiated. The young couple took the train north to Staveland, Calgary, Banff and other points to spend their honeymoon.

Claresholm and District

Thos. Bernard spent a business day in Macleod on Tuesday.

Mr. S. Baxter is another of the Tuesday visitors to Calgary.

FOR SALE or trade a good piano. Apply Farmer's Elevator.

Messrs J. L. Edlund and Carl Fox made Calgary a business trip on Monday.

Miss V. L. Gordon of Swan Lake, Man., is visiting for a week with her sister here.

A. Schmitt took a couple of weeks and visited Winnipeg returning on Friday night.

BORN--To Mr. and Mrs. Amund Thompson of Star Line on June 28, a daughter.

Friday morning last Messrs Mitchell, Milnes and Peck went to Calgary on a business trip.

Miss Shaw went to Calgary on Tuesday and was the guest of Miss West for a couple of days.

A number of poultry raisers here have sent their birds to Calgary Exhibition to bring home the prizes.

Ranchers who wish to give contests for laying.

Apply to box 108, Clareholm, Alta.

Eric Moffatt was another of the thousands who went from here to the Calgary Fair on Monday.

Miss Jamieson of the Canadian Bank of Commerce started for Calgary Tuesday for a couple of weeks vacation.

Donald Douglas formerly janitor of the Clareholm Public School has accepted a position at the Central Meat Market as assistant butcher.

Vance Corcor who went up with the Rangers as a 1st lieutenant, returned home Monday evening after getting the cooking materials packed up.

Fred Watkins who was the cook for the Alberta Rangers is a little sore in the limbs from wrestling at the Camp grounds in Calgary.

FOUNDED A lady's waiting. Owner may have some by applying at the Review office or Wilton Hotel and paying the advertising expenses.

By all reports this morning the Clareholm exhibitors are getting a number of prizes. Next weeks issue will give full list.

Little Thelma Williams fell from a buggy while out strolling in the park and cut herself so badly the doctor had to stitch the wound.

Little Thelma Williams fell from a buggy while out strolling in the park and cut herself so badly the doctor had to stitch the wound.

Mr. and Mrs. T. B. Mosley left on Tuesday night for a months trip south to visit their daughter, Mrs. Gertha of Walla Walla, Wash.

On Tuesday last Mrs. T. Bernard got the sad news that her father, Mr. J. Aspin of Charlottetown, P. E. I. died after being operated on for appendicitis.

Paul Bjerkie who went up with the Rangers from here took sick with appendicitis. He was operated on at the General Hospital, Calgary on Monday morning.

The soldiers returned home (order) on Saturday noon in their special cars. Of course the train was overly crowded and some of them just had to stay in the city for the Exhibition.

Mr. A. E. McAllister on Tuesday opened a new garage called, "The Alberta Garage" in the building formerly owned by Jas. Clark Co. The garage will be open day and night.

Mr. E. H. Chapman has completed a well on Mr. A. Lewis' farm, about eight miles east of town. At a depth of 300 feet a good flow of water was struck and a new windmill "Aer Motor" has been erected.

Monday morning many people of Clareholm started for the big Calgary Exhibition and also to keep in touch with oil, which who went were Miss School Messrs, Reinecke, E. Moffatt, Shanks and Amundson.

FOR SALE--Cheap, a good kitchen range in excellent condition, also chimney pipes. The sale must be made on Saturday. This is a good bargain. Apply to Mrs. F. A. T. Corneliussen

Hughes, Harvey, Nixon; three-base hits, seven; base on balls, Nanton 1, Clareholm 1; stolen bases, Nanton 5; strike outs, Stebbins 7, Skene 12; passed balls, Amundson 2; errors 1; wild pitches, Stebbins 1; Shanks hit for Stebbins in the ninth.

"South Paw" Baseball

Clear Lake vs. Meadow Creek. Last Saturday Meadow Creek and Clear Lake met in Clareholm and Clear Lake ran up a cricket score of 19-2. "Smoky" Woods pitched "some" ball and his players gave him the best of support. Meadow Creek played good ball but not in comparison with Clear Lake. The losers changed pitchers three times. A large crowd attended and a collection of about nine dollars was taken in. Some more games are expected to be played here between outsiders soon. Watch for posters.

Clear Lake vs. Meadow Creek.

Last Saturday Meadow Creek and Clear Lake met in Clareholm and Clear Lake ran up a cricket score of 19-2. "Smoky" Woods pitched "some" ball and his players gave him the best of support. Meadow Creek played good ball but not in comparison with Clear Lake. The losers changed pitchers three times. A large crowd attended and a collection of about nine dollars was taken in. Some more games are expected to be played here between outsiders soon. Watch for posters.

Methodists Celebrate

On Tuesday the Methodist Sunday school and church gave their annual outing in the east of a picnic at the river. The people left in the morning and were taken by many cars which were willingly taken by citizens. The picnic was a most interesting and wonderful were the sports of the day. The supper and dinner were served in the shade and was of the very best to be had, everything from about nine dollars was taken in. Some more games are expected to be played here between outsiders soon. Watch for posters.

Home Again

Major Gustaf H. School, although home only for a couple of hours a week ago, arrived here again on Tuesday morning to spend his usual three month each year with his family and his many friends in this vicinity. Since the major left here he has been giving a series of lectures through the United States and has been very successful in his financial efforts. The major reports that all through the trip he has been enjoying himself on account of the unusual stringency throughout that country and claim that this tightness is due to the many recent wars. Major School himself however disavows this reason.

NOTICE

TO GEORGE COLEMAN, LATE OF PARLAND, ALBERTA.

TAKE NOTICE that an action has been commenced against you in the District Court of the District of Macleod, in the County of Macleod, in the Province of Alberta, on or before the 15th day of July, 1914, the plaintiff's may enter judgement against you without further notice.

DATED at Macleod, Alberta, this 9th day of June A. D. 1914.

W. M. Campbell, Solicitor for the Plaintiff.

Card of Thanks

Mrs. Clara Walters and family take this opportunity of thanking the people in Clareholm and vicinity who showed so much kindness in their gifts and visits during the illness of the late husband and father.

Baseballs are on the way and will be here in time for the next game. They are sure legends.

Harvey knocked a two-base hit and brought 2 runs in which helped his team to a victory.

Sears got them at second every time.

Nanton It Seems Cannot Be Trimmed

Tuesday was the day Clareholm expected to trim Nanton, but failed to do so. The game started at six thirty and owing to so many people being out of town to the Calgary fair a very poor crowd turned out. Stebbins pitched a good game but had poor support. The proceeds of the game were only five dollars.

The box score was as follows:

Nanton	A. B. R. H. P. O. A. E.
Nanton	5 3 1 4 1 0 0
Stanton	5 1 0 1 1 0 0
Phillips	5 3 1 0 1 1
Regan	5 0 1 0 0 0
LaClair	4 2 0 0 2 1
Marshall	5 1 1 0 0 0
Reinecke	5 0 0 2 2 1
Skene	5 3 2 0 5 0
Stebbins	4 0 2 0 2 0

43 11 10 27 14 5

Meadow Creek Notes

Miss M. Bell left on Tuesday, June 24, for her home in Bowden, Alta.

Miss Carrie Vadmis and Miss C. Vance attended the Public School, Clareholm, and were writing on their final examinations.

Miss Macleod-Bell who has been attending Garbutt Business College, Calgary returned home Saturday, June 21st.

Empire, Brad; two-base hits.

Safe Jumps of Eight or Nine Stories

Have Been Made.

At a recent fifty-sixth street
menet fire in New York that resulted in
more of a smoke alarm than a blaze
and his wife were sent to get out
on the ledge of a fifth story window.
The firemen told them to wait a mo-
ment, that they might be so used to
jump. The man cried that they were
suffocating and must jump.

The firemen stretched the net and
shot for them to save themselves
property and jump one at a time. But
when the net was stretched, the fire-
men saw the firemen were not even
good fire to justify their jump. It had
all been smoke from a small fire and
not a real one. The man and his wife
heard the news with expressions
of wonder, that the firemen had
denied their silliness.

Jumps of eight and nine stories with-
out injuries have been recorded. The
mankind of the jumper is what counts.
The firemen have to be prepared for
all kinds. Sometimes they have to
lift a few inches up, because of the
bad judgment of distance shown by
the jumper. But in most cases the leap
to the net saves life—New York Sun.

A Little Party Badly Applied.

The play "The House of the Dead" was
taken from the stage when its triumph
was at its height. One evening Sun-
nyside, accompanied by his friend Duran,
went in disguise to the State St. Mar-
tin theater, where the play was being
performed. Eugene, the reviewer, ap-
pearing as the man of destiny. They
bought a box, but had hardly entered
it when the theater broke forth in
violent excavations against the "fool
managers." It seemed that the de-
voted had left in the box of oil and
paint, and into those the emperor had
stepped. With wild rage, rushed
from the house and to make matters
worse was reported in the lobby. So
paler mentioned the incident, but by
order of the emperor the play was
never produced again, and a theater
never reported again on the basis of
going—and not on account of a little
party badly applied.

Theory and Practice

Little theories were being given on
boats and sailing, at the same time,
something of theory. Like many other
children, she showed interest in her
father's theories, but she did not
understand them. One day her mother,
who was working in an office, found
a sudden and in the playing,
she showed down and her mother sit-
ting perfectly motionless.

"Heard, you don't you practice?"

she called down sharply.

"I am practicing," she answered, replied

the child with perfect self assurance.

"I am practicing my theory," New

York Post.

ORNAMENTAL STONES AND CANADIAN BUILDING

Stonecutters' Union anxious to Have
Work Done in Canada. Serious Com-
petition From American Stone

The Toronto Stone Cutters' Union
have issued a very attractive and in-
teresting booklet dealing with the
subject of "Building Stones—both
Canadian and Imported." The book is
a credit to organized labor, and par-
ticularly to the Stone Cutters' Union,
who edited it. It not only contains
a general description of the various
stones that are used in Canada, but
also a chemical analysis of the dif-
ferent varieties, and it is well illus-
trated with splendid photographs of
typical buildings containing the dif-
ferent stones described.

Canadian Sandstones

Dealing with the subject of Can-
adian Sand Stones, the Stone Cutters
state their views as follows:
In presenting for your consideration
the Sandstones of Ontario and the
Maritime Provinces, with the chemical
analysis of same, we may be pardoned
for making a few observations upon
our outlook as Canadian citizens.

Experience has taught us that it
is a wise policy to stand for the de-
velopment of home industries; and be-
lieving that this is the only safe course
to pursue in protection of the work-
ing man, we are strongly opposed to
any action that would be against the
interests of the Canadian producer.
Which factor is playing such havoc
in our craft at the present time, owing
to the remarkable development of
machinery, and the manner in which
artificial methods facilitate the
production of wealth.

The evil resulting from this is easily
discerned in the number of skilled
mechanics either temporarily em-
ployed or totally unemployed. We
clearly foresee the foolishness of en-
deavouring to prohibit mechanical
means of production, "but" we are
of opinion that a condition could be
made operative which would result in
a minimum of suffering, to those de-
pendent upon the industry for their
living, namely: (1) That as far as pos-
sible all work should be executed in the
locality for which the construction is
intended. (2) And secondly, that pre-
ference should be given to home prod-
ucts as far as the supply is possible.

Many objections may be raised to
these suggestions, but we are placed
in the unfortunate position of having
to choose between two evils, and, like
wise men, choose the lesser. The
question of supply will probably take
priority in the objections, and without
discussing the question on its broad
merits here, we conclude that from
a national point of view, we have a
right to demand, "why not a home
supply?"

There is an abundance of stone in
the provinces, and if its production
was facilitated by the use of modern
equipment, the demand of the building
industry. So far as the stones them-
selves are concerned, they stand well
in comparison to other stones not pro-
duced in the provinces. (The neces-
sary chemical combination and the
demonstration of actual strength of
the same, and considering that we
have almost every variety of sand-
stone possessing the desirable charac-
teristics for the expression of artistic
design, leads us to conclude that the
advocacy of its practical utility is
reasonable, and to accomplish a much
wider use of these stones is not be-
yond our expectation.

Asked by Stone Cutters

To the manufacturers is commonly
attributed all of the agitation for
"Made-in-Canada" goods, and for the
policy of moderate protection which
encourages the production of manu-
factured goods in Canada. It is in-
teresting to know, therefore, that the
decision of the Government to put a
day on building stone did not result
from the efforts of the quarry men,
but rather from the agitation which
was so ably conducted by the local
Stone Cutters' Unions in such places
as Toronto, Montreal, Winnipeg and
elsewhere in Canada. The Canadian
manufacturer knows full well that any
policy which provides work for his
rivals in a foreign country is not good
for him. He is not a selfish individual,
problem of the high cost of living.
Hence his desire to have the Govern-
ment adopt a policy which would in-
sure him a reasonable amount of work
in his own country. All the larger
Western cities are interested in this
question, since most have the stone
cutters' trade in their midst. In ad-
dition, there are a number of West-
ern quarries, the demand for whose
product will be increased as a result
of the policy the Government
announced last month, and which,
will, therefore, employ more men.

The shipping facilities of the farm-
ers of Argentina are fearfully in-
adequate compared with those that
prevail in Canada, and it is doubtful
if even in their blindest moments our
Western farmers could compete with
the Canadians for the far away fields
of Argentina.

NOTICE

NOTICE is hereby given, that in
accordance with the provisions of the
Irrigation Act, the undersigned has
filed the necessary memorial and
plans required by Section 13 and 15
of the said Act, with the Commission-
er of Irrigation at Calgary, Alta.

The applicant applies for the right
to divert sufficient cubic feet of water
per second from a SPRING CREEK
(tributary of the South Branch of
Willow Creek) on the Southwest
quarter of section 30, township 13,
range 2, west of the 5th meridian, for
irrigation purposes, and for the right
to construct the necessary works, as
shown by the memorial and plans
filed, to enable the water so diverted
to be used for the said irrigation pur-
poses on portions of the North half
of section 20.

The following lands are affected by
right of way for the proposed works,
viz:—the Southwest and South-east
quarters of section 30, and the North-
west quarter of section 19, all in town-
ship 13, range 2, west of the 5th
meridian, DATED at Stoney, Alta.
this 9th day of May, 1914.

Robert Menzies

Applicant.

PURSUANT to the Order Nisi and
the final Order for Sale in The Cana-
dian Life Assurance Company vs. My-
ron N. Briggs, et al there will be sold
by the application of the Master of
the Supreme Court of Alberta, at his
office at the Town of Calgary, in the
County of Alberta, at two o'clock
in the afternoon, on Saturday, the
16th day of July, A.D. 1914, the fol-
lowing lands and premises, namely:
Township 13, Range 2, west of the 5th
meridian, containing six hundred forty
acres, more or less, and more

particularly described in duplicate
Certificates of Title I-H-27 and I-J-56,
together with all buildings and
erections thereon, subject to the res-
trictions and conditions contained in
the grant from the Crown or in the
existing Certificates of Title. In ex-
isting Certificates of Title I-J-56,
covering the West half and the South-
east quarter of section Twenty-six
(26), Township eleven (11), Range
Twenty four (24), West of the fourth
(4th) Meridian, no reservations as to
minerals and minerals are contained
therein.

THE VENDOR is informed that
there is on these premises a frame
dwelling 12 x 16, one-story, frame,
shingle roof, in a poor state of re-
pair; a frame stable, 34 x 44 x 8; a
granary 32 x 72 x 10, cement floors; a
building used as a shop 16 x 24 x 6;
Hens house 10 x 18; Pig pens. There
are about three miles of fencing. The
soil is a sandy loam with a clay sub-
soil. About 435 acres, have been cul-
tivated. The property is located six
miles from Barons and about twenty
miles from Grannum, in the Province
of Alberta.

THE PROPERTY will be sub-
ject to a reserved bid which has been
fixed by the Master. The purchaser
is at time of sale, to pay down a de-
posit of ten per cent. of the purchase
price to the Vendor or his Solicitors,
and the remainder of the purchase
money is to be paid into Court to the

UNION BANK OF CANADA

A Joint Account is a
Great Convenience

for family funds. It may be
opened with the

Union Bank of Canada

In the names of two persons,

either of whom can make deposits or withdraw money when in
town or when passing the bank. It is especially convenient if the
husband is frequently away on trips, as it enables the wife to
procure funds for expenses on her own signature alone.

Don't be satisfied with anything less than an Edison Phonograph

Through its history of sound reproduction Mr. Edison
has blazed a trail. Every important step has been con-
ceived first in his mind. He is the acknowledged master
of acoustics throughout the world. His recent triumph is
the Blue Amberol Record.

It came, after countless experiments, with all its strength of vol-
ume, sweetness of quality and lasting endurance. To bring out the
remarkable tone of this new
record demanded a new re-
producer. He invented it—the
Diamond-Point Reproducer.
With it there is none of the an-
noyance of changing the needle
after each record. The diamond
is as much a part of the phono-
graph as the beautiful cabinet.

Here is Blue Amberol—that all play
ask. Your Edison dealer will give you
as much as you want to hear, and
let us leave the verdict with your ears.

SPECIAL REPORT RECEIVED FROM THE GEOLOGIST

Claresholm, Alta., June 29, 1914.

Messrs. The Claresholm Oil Company, Limited,
Claresholm, Alberta.

Gentlemen:

We have examined the leases held by your company and beg to submit the following report:

Along the east of the Porcupine Hills we find a low broad anticline whose axis passes north 60 degrees west magnetic through sections twenty-eight, twenty-nine 29 and thirty-two 32 of township eleven 11, range twenty-eight 28 west of the fourth meridian, and through section six 6 township twelve 12 range twenty-eight 28, west of the fourth meridian.

The Porcupine Hills which lie to the west are formed of Tertiary and upper Cretaceous strata flexed into a flat synclinal.

As is to be seen a great thickness of this strata are exposed probably exceeding 2000 feet and the anticlinal uplift upon which the claims in range 28 are situated brings to the surface strata well down into the Cretaceous.

The Claresholm district is favored in the certain evidences of the Petroliferous character of the underlying strata.

On the North-west 1/4 of section 14, township 12, range 26, west of the fourth meridian we find a well which struck gas at 300 feet. This gas has an odor similar to the wet gas at the Dingman well and has been used for heating in the home of John Smedstadt since October 1913. Gas has also been found in the Town of Claresholm. We believe that a well drilled on section 6, township 12, range 28 west of the fourth Meridian as shown on map, would be in a favorable spot to test the possibilities of the field.

It is therefore recommended that this be done. The depth of 2000 feet should prove up the district but contracts should provide for 3000 feet maximum.

If oil exists in the the district it should be found on your leases.

Respectfully submitted,
(signed) JOSEPH H. SINCLAIR.
